

Mark Wainwright Analytical Centre

ABN 57 195 873 179 CRICOS Provider Code 00098G

2023 Internal Elemental Analysis Rates. For Commercial or Fastchem work, contact r.akter@unsw.edu.au.

Contact Details:

ICP Laboratory: Room B39, Basement of Chemical Science Building (F10).

Rabeya Akter

	Analytes	Internal Rate (UNSW researchers) Analytical Centre Staff Perform Analysis	Other Universities and Government Institutions Analytical Centre Staff Perform Analysis	Research Student or Staff Performs the Analysis [1]
Grinding		\$16.00/sample	\$17.00/sample	Internal \$8.00/sample
Digestion-open		\$16.00/sample	\$23.00/sample	
Digestion-microwave		\$23.00/sample	\$33.00/sample	
ICPOES	1-10	\$12.00/sample	\$17.00/sample	
ICPOES	11-20	\$23.00/sample	\$35.00/sample	
ICPMS Semiquantitative Survey [2]	max. 73	\$23.00/sample	\$33.00/sample	
ICPMS	1-10	\$22.00/sample	\$32.00/sample	
ICPMS	11-30	\$33.00/sample	\$36.00/sample	
ICPMS	31-50	\$45.00/sample	\$47.00/sample	
ICPMS for Hg [3]	1	\$22.00/sample	\$33.00/sample	
LA-ICPMS Semiquantitative Survey [2]	max. 73	\$52.00 set-up per 5-sample batch, \$21.00/sample	\$62.00 set-up/5-sample batch, \$31.00/sample	
LA-ICPMS	1-10	\$63.00 set-up per 5-sample batch, \$31.00/sample	\$72.00 set-up per 5-sample batch, \$42.00/sample	
LA-ICPMS -imaging		\$125.00/hr. (time includes set up, analysis, data processing)	\$160.00/ hr. (time includes set up, analysis, data processing)	
Discrete analysis (Nitrate/nitrite, Ammonia)	NH3, NO2, NO3	\$25.00/ sample	\$40.00/sample	\$15.00 per sample
Ion Chromatography	Anions only	\$31.00/sample	\$52.00/sample	
LC-OCD-Single Column	C	\$26.00/sample (integration not included)	\$32.00/sample (integration not included)	Internal \$12.00/sample External \$13.00/sample
LC-OCD-Dual Columns	C	\$36.00/sample (integration not included)	\$42.00/sample (integration not included)	Internal \$17.00/sample External \$18.00/sample
Multi NC Analyser	CN	\$17.00/sample	\$42.00/sample	
Multi NC Analyser-Seawater	CN	\$22.00/sample	\$52.00/sample	

[1] Note that all users require training. Trained users can either pay/sample, or hire the instrument on an hourly basis.

[2] A semiquantitative survey measures the approximate quantities of a wide range of elements simultaneously.

[3] Consult our staff about sample preparation method.

Commercial or **Fastchem** work, please contact r.akter@unsw.edu.au.

Bulk Samples	Discount/Sample
more than 50	10% off
more than 100	15% off
more than 250	20% off
more than 500	25% off
