Complete Section A for tissue processing, Section B for blood/saliva processing and/or Section C for storage only.

Section A & B of this quote include a sample withdrawal charge in one batch, and additional withdrawals will incur a per batch handling/packaging charge as required, which is not included in this estimate.

SECTION A: TISSUE PROCESSING & STORAGE

	Total # of samples	Storage (VP/-80°C)	Biorepository use
DNA extraction			\$
RNA extraction			\$
Section A Total			\$

Tick if data entry/management of specimens is required

SECTION B: BLOOD/SALIVA PROCESSING & STORAGE

	Total # of samples	Storage (VP/-80°C)	Biorepository use
DNA extraction (from blood)			\$
RNA extraction (from blood)			\$
Serum/plasma isolation			\$
Cell pellet			\$
DNA extraction (from saliva)			\$
RNA extraction (from saliva)			\$
Section A Total			\$

Tick if data entry/management of specimens is required

SECTION C: SPECIMEN STORAGE ONLY

	Total # of boxes	Storage (VP/-80°C/RT)	Biorepository use
Tissue (fresh/frozen)			\$
Tissue (FFPE)			\$
DNA/RNA/Cell pellet			\$
Whole blood			\$
Plasma/serum			\$
Total			\$

Tick if data entry/management of specimens is required

Biorepository use only	Section A total	Section B total	Section C total	Total cost
	\$	\$	\$	\$
